HYMNO NACIONAL

Quiram do Ypiranga as margens placidas
De um povo heroico o brado retumbante,
E o sol da liberdade, em raios fúlgidos,
Brilhou no céu da Patria nesse instante.

Se o penhor dessa equaldade
Conseguimos conquistar com braço forte,
Em teu seio, ó liberdade,
Desafia o nosso peito a propria morte!

O' Patria amada,
Idolatrada,
Salve! Salve!

Brasil, um sonho intenso, um raio vivido
De amor e de esperança á terra desce,
Se em teu formoso céu, risonho e límpido,
A imagem do Cruzeiro resplandece.
Gigante pela propria natureza,
E's bello, és forte, impávido colosso,
E o teu futuro espelha essa grandeza;

Terra adorada,
Entre outras mil,
E's tu Brasil,
O' Patria amada!

Dos filhos deste solo
E's mãe gentil,
Patria amada,
Brasil!

Deitado eterramente em berço esplendido,
Ao som do mar e á luz do sol profundo,
Fulguras, ó Brasil, Florão d'America,
Illuminado ao sol do Novo Mundo!

Do que a terra mais garrida,
Teus risonhos, lindos campos tem mais flores,
"Nossos bosques têm mais vida",
"Nossa vida no teu seio mais amores".

O' Patria amada,
Idolatrada,
Salve! Salve!

Brasil de amor eterno seja symholo
O lábaro que ostentas estrelado
E diga o verde-louro desta fâmula
"Paz no futuro e gloria no passado".
Nas se ergue da justiça a clava forte,
Verás que um filho teu não foge á luta,
Nem teme, quem te adora, a propria morte.

Terra adorada,
Entre outras mil,
E's tu Brasil,
O' Patria amada!

Dos filhos deste solo
E's mãe gentil,
Patria amada,
Brasil!
